CRITERION I – CURRICULAR ASPECTS

1.1 Curriculum Planning and Implementation

1.1.1 Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The Institution ensures effective curriculum delivery through a well planned and documented process

The institution has a well planned curriculum delivery and documentation in keeping with the vision of *Empowering the individual with knowledge*. The plan is as follows:

- ✓ The staff members are advised to understand the curriculum thoroughly in first meeting by the principal. Subsequently, the HODs allot the syllabus to their colleagues prior to each academic term to aid preparation.
- ✓ Teachers asked to prepare the time budget of the syllabus topic wise and month wise within the semester framework.
- ✓ Teachers are provided diaries to enter documentation.
- ✓ Departments are asked to maintain the records of their departmental meetings like syllabus, timetable allotments and regarding implementation of any other effective teaching methods i.e. self finance value added courses, programs etc. A separate register is provided to each department to maintain the record of the minutes of the meetings.
- ✓ The HODs and the Principal sign the prepared time budget of each teacher at the beginning of term. The teachers are asked to record the reference books they have used to prepare the syllabus.
- ✓ They are asked to develop the proper communication with the students regarding the curriculum. Teachers are encouraged to use ICT methods. Home assignments, tutorials, group discussions, seminars, projects, field visits for students are practiced. All activities are recorded in diaries and if needed on separate sheets.
- ✓ At the beginning bridge course is taken up.

2.3.2 Students mentoring system available in the institution? Give details. (maximum 500 words)					

Belagavi is a tier II city and a growing education hub catering to the diversified student population coming from the surrounding rural areas with a vernacular background and some being the first generation learners with weak financial status. Rani Parvati Devi College of Arts and Commerce being a college catering to UG level Arts, Commerce and BBA programme because of these factors, it is our policy to entertain the hopes and aspirations of students of this region irrespective of caste, sex, religion and financial background. Many of our students from rural areas lack proper academic background and financial back-up.

Mentoring of students thus, is an essential feature to render equitable service to all our students having varied background. Student-mentorship has the following objectives

1. To increase the teacher student contact hours
2. To enhance students academic performance and attendance
3. To minimise student drop out rates
4. To identify and understand the status of slow learners and encourage advanced learners
5. To render equitable service to students

The institute has drawn suggestions from the NAAC directives and the UGC in introducing the mentoring system. With a wide variation in the student population in regard to educational and economic background, the system promises to bring out their best potential and an effective tool to stop dropouts.

Design & Implementation : Students are categorised based on the streams of studies and also according to their core subjects. They are divided into groups of 10-15 in Arts and 30-40 in Commerce depending on the number of students. Each group is assigned a teacher-mentor. A Mentoring Format with Guidelines is prepared by the IQAC to ensure uniformity.

- 1 Mentors maintain and update the Mentoring Format for entering particulars and performance of students (class tests, monthly attendance records, etc.)
- 2 Mentors are expected to offer guidance and counseling, as and when required.
- 3 Mentors meet students individually or in groups.
- 4 Parents are called for /special meetings with the Principal at the suggestion of the Mentor.
- 5 Students identified with weakness in particular subject, Mentor apprise the concerned subject teacher for needful action..

Uniqueness: Mentoring System has been designed and implemented –

1. to be student-centric
2. to render equitable service to students of varied academic & financial backgrounds

Constraints: Continuous assessment under the Semester System brings time factor constraint for Mentors.

Evidence of Success

Mentoring system over the years has brought significant improvement in the teacher – student relationship.

The system has been useful in identifying slow and advanced learners.

Remedial classes have been organized for slow learners on mentors request.

Targets achieved

The institutional practice of Mentoring System has enhanced the campus environment and brought about:

1. Enhanced contact hours between Mentors with their respective students
2. Improvement in students' attendance
3. Minimised student drop-out rates (apparently due to Mentors' intervention before a student falls short of attendance)
4. Identification of slow learners for conducting Remedial Classes
5. Advanced learners identified and encouraged with incentive prizes for library usage etc.,
