INTERNAL QUALITY ASSURANCE CELL (IQAC)

ORIENTATION PROGRAMMES

2016-17 TO 2020-21

The beginning of every academic year IQAC arranges an orientation programme for newly admitted students of BA, BCom. and BBA. The objective of this programme is to make the students more acquainted to the new college environment. The orientation programme includes address by the principal, introductory sessions of all the staff members and it is followed by the PPT presentation for giving them an overview of the college life; the rules and regulations mandated for each student in a particular faculty. It is followed by the session most importantly aims at giving an overview about the academic course by giving a rough idea of academic expectations, students are prepared for the challenges they might face during their graduation programmes, the extracurricular activities, various associations, events, workshops, seminars, mentoring process and other special training programmes available in the college course. This encourages them and helps them in getting socially integrated with the college culture. The formal function is followed by ice-breaking session, which gives opportunity to students where they can self-evaluate their aptitude level and be able to discover his/her interest in any of the college activities by participating in the various activities conducted during the session by the mentors. In this manner, orientation helps students get their attitude right as best suited for the new place. Campus maps, guided tours in the campus allow them to physically get apprised of the college interiors so that they do not find themselves lost. Orientation programmes are the best platform for the new students to get a total overview of what all the college offers.
